

GOVERNMENT SAID TO BE PREPARING FOR WAR

All Companies Being Recruited Today For Full War Strength by Department

RUSHING SOLDIERS INTO SAN ANTONIO CONTINUES

Foreign Governments are Sending Military Attaches to Texas—American Insurrectos Captured by Federals are Believed to Have Been Shot—London Claims Army Man- euvers Veiled Threat Against Japan.

Are We Preparing to Fight Some One? Significant Features of the "War Game."

Magnitude of maneuvers. Experienced military men say a single brigade would be sufficient to quell the Mexican revolution, if that were the only object.

All preparations and equipment of troops on a war basis. Conflicting statements regarding object of maneuvers made by President Taft, Secretary of War Dickinson, General Wood and other Washington authorities. No appropriation by congress for maneuvers. Likelihood that congress would refuse appropriation at extra session unless gravest emergency exists.

Hurried trip of Assistant Secretary of State Wilson to confer with President Taft at Augusta. Plans to educate all general officers in handling big bodies of troops.

Invitation to militia officers to participate in maneuvers.

Tentative plans drawn up for employment of militia, if developments warrant.

Four months' supplies purchased.

Troops to remain in field at least six months. Camp at San Antonio not to be permanent.

San Antonio, Texas, March 14. —

Although officers still declare that an army division is being mobilized here merely as a maneuver division for the purpose of trying out new field regulations, the fact still remains that skeleton companies which have been doing garrison duty, are being recruited today for war strength.

The normal strength of a company on peace footing is 60 men, but a company automatically absorbs 45 more men when ordered on a war footing, while under certain conditions, 150 enlisted men may make up a single company. New companies arriving here had not even the necessary 60 men, one company's captain commanding only 25 men. Hundreds of recruits are being thrown into San Antonio on every train and immediately assigned to regiments, though as fighting men they are worthless, because rifles and uniforms are not here in sufficient quantities to arm and clothe them.

In spite of a multiplicity of camp duties, officers are drilling the recruits several hours daily, apparently under orders to secure some kind of military discipline from this untrained force as quickly as possible.

Despite a denial by Major General Carter, commanding the maneuver division, that either the Ninth or Eleventh Cavalry Regts. is intended for immediate duty on the Mexican frontier, it is significant that a troop train which brought the Eleventh is still being held, while a majority of recruits are going into the Eleventh, which is now on a war footing. The Ninth, last of the big bodies to complete the division, is not expected from Wyoming before tomorrow.

All troops now are in camp except the Ninth and the Fourth Field Artillery, known as the mountain battery, from Fort D. A. Russell, Wyo.

RIGHT LEG OF FRANK GRAEF AMPUTATED THIS MORNING AT NEWARK SANITARIUM

At 10 o'clock Tuesday morning Dr. M. Smith amputated Frank Graef's right leg at a point about six inches above the knee, the operation taking place at the Newark Sanitarium. Dr. Smith was assisted by Drs. C. J. Dillon and W. E. Wyszian while Dr. H. J. Davis was the anesthetist.

The operation was completed by Dr. Smith in the almost incredible short time of 15 minutes, and the patient recovered rather quickly from the effects of the anesthetic.

Frank Graef is a native of Newark, and his condition was very gratifying to the surgeons in fact better than they expected.

Reaction followed, and he was suffering great pain this afternoon, which is but natural, and the way the physicians state it, he is in "bad shape." It requires from 24 to 48 hours for the new circulation to establish itself, when the reaction is considered complete, and unless some complications arise, the patient can be considered in a good condition for recovery.

BASEBALL ARGUMENTS IN SENATE

Sunday Bill Will Probably Pass the Upper House

WARM DEBATE OCCURRED

By Ministers Opposing and Favor- ing the Playing of Sunday Games.

Columbus, March 14. — Senators last night solemnly heard arguments on the Greeves Sunday baseball option bills, about which it is conceded they are already convinced. The hearing was before the committee on municipal affairs which will recommend the bills tomorrow morning. The senate will reach a vote, probably a week hence. Passage by at least 20 votes is sure.

Rev. W. S. Harpster of Columbus, head of the Christian Endeavor Union in Ohio, created the only flurry of the evening. Conceding that he thought some of the members of the senate acted from deep consciousness, went on to say:

"The action of this body is fast becoming a stench in the nostrils of the people of the state."

A murmur of disapproval spread over the body and many left the chamber for the smoking room to give vent to their indignation. After that the minister was given scant attention.

Rev. Mr. Harpster made another statement which brought him into collision with the committee when he said that if a man stole a ride on a railroad, he went to jail, but if the whole railroad, he went to the senate.

Chairman Cretone asked him if he meant the state senate and was answered that reference was made to the United States senate, although the speaker conceded Ohio's present senators had never stole any railroads. He pleaded, "Don't pass a law that will make the work of the churches harder."

One interesting point was made by the opponents of the bill. They called attention to the repeal by one of the two of the present statute against Sunday baseball and the provision by the other for option for municipalities. They declared silence on districts outside cities would permit all sorts of clubs to go beyond the city limits and do anything they pleased.

One of the largest petitions that ever went into the assembly was presented from Cleveland by E. P. Strong. It favors the bill and is signed by 89,000 people. The leaves are bound together and make a book larger than the average family Bible.

Declaring for reasonable Sunday sports, a minister with several scholarly degrees supported the measures. He is Rev. Charles C. Morhart of the Lutheran Church of the Redeemer of Cleveland, who said he and other ministers attended games and found out they could make better Christians of their communicants by allowing them to go.

He chafed opponents of the bill, mostly ministers, by combining statements of the number of people they represented. He said he found the total more than 500,000 and he added, "I doubt if there are in Ohio 500,000 people who go to church at all."

Rev. Mr. Morhart found favor with senators, who applauded him at the close. He mildly derided the ministers and Mrs. Sarah K. Meredith, head of the W. C. T. U. of the state, who opposed the bill, for "setting themselves up as the godfathers and godmothers of the community."

Mrs. Meredith, who made a strong argument against the bill, did not escape without a second grilling. Representative Greeves, author of the bills, said he had all the respect in the world for the women, but he believed it would be better "if they would drink a little whisky once in a while instead of writing testimonials and credentials for rotten medicines." He was asked if he meant "that women's organizations indulged such medicines, and answered he had seen endorsements from members and added, "Father, forgive them for they know not what they do."

Mrs. Meredith said Sunday baseball was a "violation of God's ordinance and demoralizing to those who play and to those who look on."

Others took a different view of it, chief of whom were Dr. E. A. Peterson of Cleveland, a social worker, who called it a cure for a disease that had been diagnosed. He referred to reduction in juvenile delinquency where they had baseball. "The present law," he said, "is a negative side of a positive enactment." He referred to mandatory church-going in olden times. "A man can't spend all his waking hours in church, even if his time in church

Just as much as it was shown in the navy as in the army when the recent order was sent forth for a mobilization of forces in Texas to "war" maneuvers. The Washington, under the command of Admiral Stoughton, was one of the last to get away.

is all waking hours. The law says what he can't do, but doesn't say what he can do." He declared baseball as much an art as the production of pictures.

Rev. J. T. Britan, representing the Columbus Ministerial Union, called Dr. Peterson to task for referring to Sunday baseball as uplifting. He referred in a sarcastic vein to the "pious language and refined atmosphere that attended a Sunday baseball diamond." That commercialism was responsible for the bill was asserted by several speakers, who called them measures to legalize the breaking of the rules of Providence.

Gregg referred to the bills' history, saying they were caused by the Cleveland situation where Sunday ball has been tabooed since church people rose in their might and said it should not be played. "They have never dared to try it there," he said "but they come to you and ask you to legalize Sabbath desecration." He called attention to the fact that a Cleveland man was fathering the bills.

Harry Broleski said no one, not even Garry Hermann, could think of any good argument for Sunday baseball, and said it opened the way for gambling on games.

Rev. A. S. Gregg of Cleveland, the head of the international reform bureau, said Sunday baseball was the first step toward throwing down the bars in all directions.

Rev. W. H. Houston of Columbus called it "an entering wedge to destroy the whole fabric of our Sunday laws. It's a proposition to sell out for the almighty dollar." He added it was contrary to the constitution and the decalogue.

For the Catholic Federation of Cleveland, William Mahon derided ministers opposing the bills for saying Sunday baseball would drive people away from church, and added his church, with Sunday baseball, had all it could accommodate.

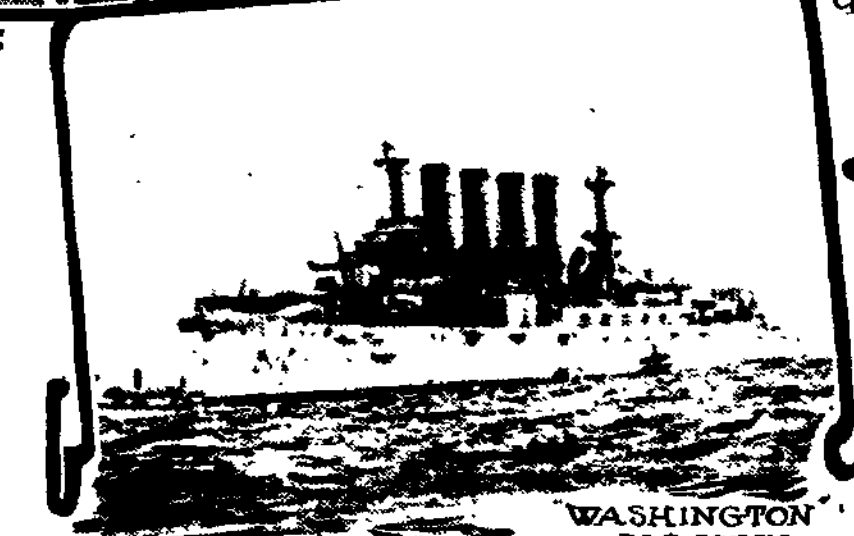

OHIO AGRICULTURAL TRAIN A SUCCESS

(By A. P. Sardies.)
Celina, O., March 14.—The first day out with the agricultural train seems to indicate it will be a great success. Sentiment favoring agricultural education is growing and large crowds greet the train everywhere. The beet sugar industry is the subject of many inquiries. The farmers' attitude shows they are beginning to realize Ohio is as good a farm state as any with a market at its very doors.

WEDNESDAY MARCH 29 IS CLEAN UP DAY IN NEWARK

Wednesday, March 29, 1911, will be "Clean Up" day in Newark.

Every citizen is urged to have all rubbish and debris removed from his cellar and premises on or before March 29th.

The general observance of Clean up day in Newark means much to the city. In doctors bills and attending expenses it will save thousands of dollars. In civic pride it is worth more thousands.

The Civic Improvement committee of the Board of Trade of which Mr. W. H. Mazey is chairman, is working energetically to secure a general observance of Clean-up day and reports that are being received at the office of

the Board of Trade show a widespread interest in the movement.

Within a few days a definite line of action will be proposed. In the meantime the citizens of Newark are urged to begin the work of cleaning up their basements and cellars, their back yards and the alleys so that all filth and rubbish will be removed to the city dump on or before Wednesday, March 29th. This date comes during the spring vacation of the public schools, thus enabling the boys and girls to take an active part in the work which means so much to the health and to the appearance of Newark.

Remember the day—Wednesday, March 29—and do your part.

CLAIM MELBER WOMAN INSANE

Albany, N. Y., March 14.—Three physicians who have examined Mrs. Edith Melber, the confessed child murderer, on trial here, claims she is insane and has been for some time. Friends who knew her for years testified she had always been irrational even in childhood.

DIDN'T KNOW 'T WAS LOADED.

East Liverpool, March 14.—Fearing that the revolver was loaded, Alfred Pickens, aged 12, picked it from a bureau drawer at the home of his parents and as he did so the trigger caught on the edge of the drawer and the bullet struck the father. A serious, though not fatal, wound resulted.

GOOD HAUL BY YEGGMEN

Rochester, N. Y. March 14.—Yeggs blew the Rushville bank and escaped with \$4000 today. The cashier's wife, Mrs. W. Irving, died from the shock.

WHAT IS IT?

St. Paul, Minn. March 14.—Congress will investigate Taft's alleged usurpation of its powers in making an armed show against another country according to Miles Pondexter, who says Wall Street is probably back of the armed movement.

BULLETS CLEARED MYSTERY

Wounded American Said to be Young Drum- mond of St. Louis

WAS A HIGH ROLLER

And Spent \$2,000 a Day in Paris in Gay Hours Before Dawn.

Paris, March 14. — The mystery of the two "merry midnight Americans," who both registered at the fashionable Ritz under the name of Lee several weeks ago and who have been spending \$2,000 a day in the gay hours before dawn, was partially penetrated when one of them tried to shoot the dancing girl, Lillette, and her male partner in the Cafe de Paris.

The young man only succeeded in planting a bullet in his own leg and disclosing his name as Charles Dunbar of Alton, Ill. This is the name assumed by Charles R. Drummond, millionaire realty man of St. Louis, son of the late tobacco Croesus, hero of four elopements and "wanted" in St. Louis for breaking parole while under sentence for bigamy.

When Drummond disappeared from the Western city he was accompanied by his friend, William V. Logan. One of the pair, who registered at the Ritz received mail addressed to Wm. Logan Lee. The two went to Montreal from St. Louis, and after a little friendly shooting affair there, in which one of them fired at the other, in that blithe spirit of camaraderie which good fellowship invokes, they went to New York and sailed for Paris.

Mystery cloaked them from the day of their arrival here. The assumed name of Lee became a synonym for lavish entertainment, gay parties and jolly auto rides, for they had a magnificent high-power car which awaited them at the entrance of the Ritz every evening. The Cafe de Paris was one of their favorite haunts and Sunday night they were accompanied thither by the dashing Lillette. The evening waned and the morning was two hours on its way when Morris, the male dancer of the cafe, presented himself and invited Lillette to dance with him.

For some reason Dunbar flew into a violent rage, jumped up and drew a revolver on the dancing girl and Morris. The sound of a shot threw the brilliant cafe into confusion, but a waiter had struck up the man's arm and the bullet went wild. The enraged American hurled the waiter aside, however, and was aiming again when Morris struck his arm down and the second bullet went into the American's leg above the knee.

The police took the "Lees" to a station house, but they released the one who had not taken a hand in the trouble, and let the wounded man be taken to the Ritz after he had given what he said was his right name—Charles Dunbar of Alton, Ill.

The wounded man said he had given the name of Lee at the hotel because Lee was associated with his in business. He refused to tell who his companion was, but referred the police to the Ritz. There it was learned that the other "Lee" had made a hurried departure at 9 o'clock in the morning.

The police established surveillance over Dunbar's (or Drummond's) apartments in the Ritz, and about 11 o'clock last night a woman, who said she was the only Mrs. Dunbar of Alton, Ill. (the city where Drummond originally came from, and where his father made his early wealth,) arrived and took charge of the wounded man.

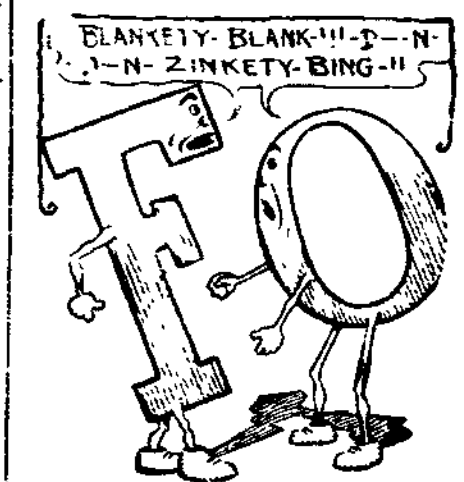

Thereupon the doors of the apartments were locked. Dunbar told the police that he would stand good financially for everything done by himself or by William Logan Lee.

OLD SOUTHERN JURIST DEAD.

Lexington, Ky., March 14.—Watts Parker, aged 63, one of the best known jurists in the south, died yesterday. He was for 29 years judge of the Twenty-second judicial circuit of Kentucky, and was probably the oldest circuit jurist in point of service in the country. Death was due to heart disease.

GOOD ROADS MOVEMENT IS FAST SPREADING

Association is Booming "Better
Roads for Ohio" Idea and Meet-
ing With Encouragement.

Those doubting Thomases who
could not make themselves believe
that the movement for good roads,
which is noticeable throughout the
country, would reap results, are now
confronted with the alternative of
admitting they were poor guessers or
still holding out against a fact that
is apparent to anyone endowed with
reason for the movement which first
started at a snail's pace, is spreading
with the speed of an adult forest fire.

As an indication of the growth of
the reform, friends of the movement
point in high place to the fact that 31
states have taken the question seri-
ously enough to put up large sums
for improved highways and the re-
sults of the test are considering the
proposition.

Along with the work in that direc-
tion that is being done in Ohio and
which promises to better the state
agriculturally and commercially to an
extent which will total into the mil-
lions each year, Nebraska, Iowa, Cal-
ifornia, Michigan, New York, Penn-
sylvania and Washington are making
rapid strides.

New York has issued \$50,000,000
bonds for a system of state highways
and a movement is now on for another
issue of \$40,000,000. Governor
Fletcher of Pennsylvania, in a recent
speech, advocated bonding that state
for \$20,000,000 and a shout of ap-
proval went up from those who use
the roads or who know what good
roads mean for a state and its people.

Members of the Grand Army of
the Republic, with true patriotic
spirit, caught the idea and worked
hard for the passing of a bill which
would result in the construction of a
Lincoln memorial highway from
Washington to Gettysburg.

California is spending \$15,000,000
on good roads and many other
Western states are doing as well or
better.

The famous old Appian Way, which
was built in the days of Rome's gran-
deur, promises to be eclipsed by thou-
sands of highways scattered through-
out the United States.

"What advantage would good
roads be to a farmer?" queries men,
an agriculturist, who fears that bet-
ter roads would mean a financial
burden to him.

Experts who have studied the ques-
tion, in answer, deluge the doubting
questioners with arguments that sel-
dom fail to result in conversions.

They explain that good roads
through the country mean the elimi-
nation of the possibility of false
conditions arising which result in fi-
nancial panics. After all, the wealth
of the country is in the soil. Good
roads make possible the close link-
ing of the sources of wealth to the
markets where the wealth is convert-
ed into cash or its equivalent.

It is figured by the United States
government that the country loses
\$500,000,000 annually because of
its poor roads and highways. Realiz-
ing this fact, the American Associa-
tion for Highway Improvement is
conducting a nation-wide campaign
in the hope of building up a senti-
ment which will better present con-
ditions and the Ohio State Good
Roads Federation, working with and
along the same lines as the national
organization, is meeting with unpre-
cedented success.

Meetings are being held through-
out the state. Some are the call of
the Boards of Trade and Chambers
of Commerce of the larger cities;
some are held in country school
houses and churches; many are held
in the average-size towns that see
the cities, blessed with excellent rail-
road facilities, getting business and
trade that they could have, were the
roads through those smaller cities in
shape to accommodate traffic which
is theirs by right.

The Ohio farmer is beginning to
realize that good roads would make
it possible for his teams to haul more
than double present loads with less
work for his horses; that he could
reach markets, regardless of weather,
at times when he could sell his goods
at the best prices; that he could do
his hauling when he willed, rather
than wait for weeks when the roads
were dry. He is beginning to see
that when good roads would cost him
would be returned to him many fold,
not considering the questions of con-
venience and pride.

DON'T BE EMBARRASSED.

Not only is a person in more com-
pact with the knowledge that some-
body else is in the same predicament,
but the fact that the same predicament
is shared by many others and is not
a disgrace, but a common condition,
is a great relief. The remedy is
simple and is the only one that
will cure the trouble.

FREE COOKING DEMONSTRATION

Thursday, Friday and Saturday Afternoons
and Saturday Evening, March 16, 17, 18

ON THE CELEBRATED

New Process Gas Ranges

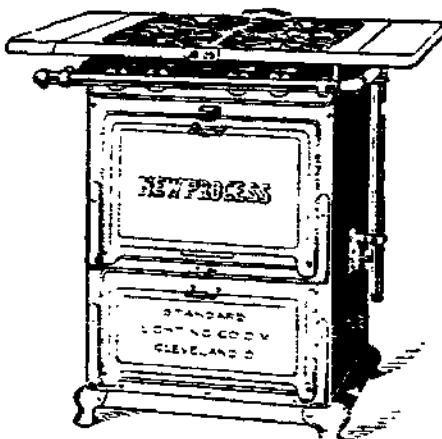

Recently we arranged with several of the large manufacturers of which we are exclusive agents for Newark and surrounding territory to furnish us with a series of Practical Demonstrations of the line of goods they manufacture, in order that our trade might become thoroughly acquainted in every detail with the class and quality of goods which we are offering, and the first of these demonstrations will be conducted on Thursday, Friday and Saturday of this week, showing the New Visible, "New Process" Gas Ranges.

NEW PROCESS GAS RANGES are made in a great variety of styles and sizes to meet the demands of the most exacting housekeeper. The policy of the manufacturers of THIS CELEBRATED LINE OF GAS RANGES has always been to see "HOW GOOD" and NOT HOW CHEAP a Gas Range could be made and the Universal Popularity of the "New Process" line

is the best possible evidence that these stoves are made right in every respect. NEW PROCESS VISIBLE GAS RANGES gives quicker results and can be operated at 1-3 LESS EXPENSE than any other range.

WE WANT EVERY HOUSEKEEPER IN NEWARK AND VICINITY TO SEE THIS DEMONSTRATION IF POSSIBLE—WHETHER YOU ARE NEEDING A NEW GAS RANGE OR NOT—IT WILL BE TIME WELL SPENT AND YOU CAN NOT HELP BUT OBTAIN A NUMBER OF GOOD POINTERS ON THE PROPER OPERATION OF A GAS RANGE.

"Merry Widow." Newark amusement boxes will be pleased to learn that the "Merry Widow" the famous Viennese comic opera is scheduled for a return engagement at the Auditorium theatre on March 15. This musical offering has attained international fame and undoubtedly will be given a hearty welcome here again. The company is a large one consisting of 27 people, the noted English Grand Opera Orchestra and three corps of society and effect and the same that at present is appearing at the McVickers theatre, Chicago.

A Chicago Night Alarm is the source, starting cough of child, suddenly attacked by croup. Often it aroused Lewis Chalmers of Manchester, O. (R. R. No. 2) to their four children were greatly subjected to croup. "Sometimes in severe attacks," he wrote, "we were afraid they would die, but since we have used a certain remedy, Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds, or any throat or lung trouble." So do thousands of others. So may you. Carmel hospital with the intention of undergoing an operation. Dr. James Lee of Mt. Vernon accompanied the reverend father to Columbus.

Certain Cure for Nasal Catarrh. Nasal Catarrh is both dangerous and embarrassing. Here is a treatment which promptly relieves, soothes, and heals the nasal passages, while destroying all the putrid slimy matter and preventing its further formation. Obtain of any well-stocked drugstore two ounces of antiseptic saline powder. Use a half teaspoonful to a pint of warm water. Snuff up into the nostrils 6 times. Use two or three times daily. Catarrh will vanish. Gives a delightful clear feeling and makes breathing easy. Also apply the following splendid catarrh balm to the nostrils: Mix a teaspoonful of saline powder with a five-cent jar of vasoline.

Mr. J. D. Dempsey Says: "I can honestly express the pleasure I had in taking your 'CascaRoyal-Pills.' They are certainly just as you recommended them. I have found them the most satisfactory remedy for constipation that I ever tried. I carry them in my pocket at all times, and am glad to recommend to every one needing a pleasant remedy." Mr. J. D. CHANGE IN WEATHER BRINGS MANY COLDS

Doctors Say Sudden Drops in Temperature Is Cause of Much Suffering.

Those whose systems are weakened and run down, even though they may "feel fairly well" under ordinary conditions are unable to withstand the shock of sudden changes in the weather, such as we have recently experienced. Colds, coughs and lung troubles are everywhere prevalent and it is worth knowing that a pure food medicine such as Father John's Medicine, which builds up the body at the same time it cures the cold, is the best remedy to use at such a time.

Because of its freedom from alcohol or poisonous drugs, Father John's Medicine is a safe medicine for children, as well as older people and thousands of mothers are using it with great success for their little ones. Get a bottle today.

MANY GOOD THINGS AT LOAN EXHIBIT

There are many, many things planned for the entertainment of those attending the Library Loan Exhibit today. The Ladies' Auxiliary Knights of St. John are in charge and each person attending the exhibit will be presented at the door with a coupon which enables them to a chance on a beautiful crystal candelabra given by Mr. Wilson Heisey. Then this evening there will be a musical program made up of instrumental and vocal numbers and several of those on the program have beautiful voices.

A feature in the refreshment booth today is the serving of ice cream and home made cake and also there is a large assortment of delicious home made candies.

Yesterday afternoon was the dollies day and a large number of beautiful dolls were out in force all dressed with the most elaborate care by their little "mothers" and prizes were awarded for the oldest, the prettiest and other entries.

Today is the grandparents day and all old people over 50 years of age are admitted free, there being prizes for the oldest married couple, the oldest person in attendance and many others. It is really impossible to get the full worth of the exhibit in one or even two visits. In fact it would afford entertainment for weeks. Every time one visits the church they find so many entertaining things they have overlooked on previous visits.

On Wednesday there will be held a district school, with its singing feature, the old spelling match and all.

The following people will participate in the entertainment given this evening: Rev. B. M. O'Boylan, Misses Mildred and Marie Kustan, Miss Winters, Trace Stassel, Anna Stare, Justine Veitmeier, Bessie Ewald, and Veronica Stare, Messrs. Daniel Johns, George Friel, Albert Gundlach, Theodore Kemp, George Bickel, Frank Ewald.

COURT NEWS

Common Pleas Court. In the case of Leroy Clause vs. Willard Clause, a suit for the partition of certain real estate in this county, the proceedings appearing to the court to be regular, a decree of partition was entered. The following commissioners to make partition were appointed by the court, E. A. Pratt, Friend Butt and Charles Sanford.

Powers-Miller Co. vs. Behrens & Walters, judgment of dismissal. Edward L. Moore vs. Will D. Harris, leave given to reply in 20 days.

Roy Cole vs. James Taylor, a suit to recover damages growing out of the alleged shooting of Cole by Taylor in the Klondike saloon in this city. Application of defendant to have case passed on account of absence of material witness in his behalf sustained. A continuance for the term was entered.

W. H. Mead, Jr. vs. Jane Brown, et al., a suit to recover premium on an insurance policy. For trial to court and jury Wednesday.

Asks \$10,000 Damages. Martha E. Benner has filed her petition in the court of Common Pleas against the Ohio Electric railway company, asking for \$10,000 for personal injuries sustained to her back while a passenger on North Fourth street car in October, 1909. Jones & Jones are attorneys for plaintiff.

Rosebrough Ditch Petition. The hearing of the matter of the petition relative to the Rosebrough ditch in Union township, was had by the county commissioners on Tuesday, and decision was reserved until a later date.

Alimony Case Continued. The Crist alimony case, on trial to the probate court, has been continued until Wednesday.

Petition for Divorce. Martha Bodle has commenced suit in the probate court for divorce and alimony from her husband, Howard Bodle. In her petition she alleges that she was married to defendant on November 17, 1910. She charges the defendant with gross neglect of duty in failing to provide for her and with cruelty. She also charges the defendant with infidelity. Joseph W. Horner, is attorney for plaintiff.

NALLY HERE ON WAY TO CAMP

Charles Nally, left fielder with the Newark baseball team during the season of 1910 is in the city expecting to spend several days with old friends here before joining his team for the season. Nally made good here and late last season joined with Indianapolis with which team he has signed up for this year.

A CHEERFUL STRAP-HANGER. Every man who gives his seat in a street car to a lady is not actuated by politeness. In lots of cases his dander underneath has been scratched by being washed with poor soap, and standing is more comfortable.

Hewitt's Easy Tack Soap is used. Dannels go through the wash without being shrunk and retain their original downy softness. It's five cents a cake and goes farther.

LEGAL NOTICE.

Notice is hereby given to William M. Jones of Mt. Union, Des Moines County, Iowa; Mary Jones Myers, Roscoe, Des Moines County, Iowa; Sarah Jones Fye, Yarmouth, Des Moines County, Iowa; Annie Jones, Featherley, Yarmouth, Des Moines County, Iowa; John E. Lincoln, John H. Jones, Red Oak, Montgomery County, Iowa; Thomas M. Jacoby, Hope, Steele County, North Dakota; Ellen Jacoby Biggs, Columbus, City of Columbus County, Iowa; Mary Jacoby Mullie, Wapello, Louisa County, Iowa; and Robert E. Jacoby, Paris, Monroe County, Missouri; and George Sexton, George L. Sexton and William T. Sexton, Warren, McHenry County, Texas, that on the 12th day of February, 1911, David M. Jacoby commenced an action in the Probate Court of Licking County, Ohio, against the above named parties as defendants, and on the 25th day of February, 1911, filed in said cause, which is numbered 2126, in said Court his amended petition against the above named parties, alleging that Thomas Morris died testate on December 22, 1897, seized in fee simple of lots 265 and 267 as described on the plat of Crane's Addition, City of Newark, Licking County, Ohio, recorded in Vol. 2 of Plats, page 144, and also the east half of certain alley lying immediately west of said lots 265 and 267, Vol. 55 of Deeds, page 243, Vol. 56 of Deeds, page 36, Vol. 57 of Deeds, page 361, Recorder's office of said county for a more particular description of said real estate.

That Thomas Morris died testate, he will be recorded in Vol. 11 of Wills, said County, page 27, he was survived by said real estate in his second wife during her natural life and after her death to his two sisters, Elizabeth Jones and Mary Jacoby and the survivors of them during their lives and after their death to said testator's nieces and nieces equally in fee simple to such of them who were living at the termination of the above mentioned life estate.

That the said second wife and said two sisters have died and that the said plaintiff and the above named parties are all of the nearest and next of kin of said Thomas Morris, deceased, and are each seized in fee simple of the undivided one-eighth of the real estate above described, the said defendants George L. Sexton and William T. Sexton being together seized in fee simple of the undivided one-eighth of said real estate subject to the power interest in said one-eighth of the said George Sexton, widower of Mary F. Sexton deceased, who was a niece of said Thomas Morris, deceased.

The object and prayer of said petition is that the said real estate may be partitioned equally among the said plaintiffs and nieces or if that cannot be done without manifest injury to the property that the Court order said real estate to be appraised and sold and the proceeds to be divided equally among said eleven nephews and nieces and their heirs at law, per stirpes.

You are hereby notified that you and each of you are required to answer said petition on or before Saturday, the 25th day of April, 1911, or judgment will be taken according to the prayer of said petition.

WATKINS GETTING PLANT IN SHAPE

Manager W. H. Watkins and Sol Meyers of Indianapolis, the owners of the Springfield franchise in the Ohio State League, will arrive in the city this morning for a short visit, going back home this afternoon. They are on a business trip and will look over the grounds and note the progress that is being made towards a grand opening of Washington park on April 1.

The sod is being taken off the diamond preparatory to rolling it after a few loads of soil have been put near the center of the playing field. The tile for the drain is being hauled ready to get it in shape. This will be the hardest task of all and it will be some days before it is completed.

The posts for the fence have been put in and the fence will be put up the first of next week. The grand stand floor is being laid, all the roof having been put on.

The local club will have the services of C. Lambert, who was with the Newark team last season and was retained by Owner Watkins. It is not known what position he will play, but he must be a promising player or Manager O'Day would not want him here.

SAGE FOR DARKENING THE HAIR.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time, tiresome method of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product. Wyeth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation is sold by all first-class druggists for 50c. and \$1.00 a bottle, or in sent direct by the Wyeth Chemical Company, 74 Cornland, St. New York City, upon receipt of price.

For sale and recommended by P. D. Hall, druggist.

DISTRICT SCHOOL AT LOAN EXHIBIT WEDNESDAY NIGHT

Since yesterday's announcement in this journal, plans have been perfected to make the closing of the Loan Exhibit the chief feature of many successful days. When before have we been so stirred for a common cause? And Wednesday night will be our last opportunity to show our interest in the Newark Free Library, in so far as it is connected with this exhibit.

In order to give ample time to take a final look at this collection, visitors will have until 8:30 p. m., at which time "Gideon's Band" will open the entertainment in the main auditorium. This band, which puts Sues's to shame, will consist of seven or eight pieces—one anyway, and besides being dressed in unique costume it will render time-honored selections, among which you are certain to find your old favorites. Then will follow spoken pieces by "Little Jane" and the red-haired boy, "John Henry Sikes." Also dialogues by chosen members, and vocal selections galore. Interested mothers with children under school age will be present to see their older ones perform. The school trustees will show their approbation by telling speeches. Schoolmaster Bennett is working night and day to get his pupils in readiness, so that an attractive program may be presented.

And best of all—it has been decided to admit without extra charge, all adults on their entrance ticket of fifteen cents. Don't miss it!

A colonization scheme has been submitted to the government of Chiapas, Mexico, for the establishment of Spanish immigrants on a tract of land comprising 230,000 acres of hitherto uncultivated and unoccupied land.

Recipes for March 15, 1911.
Martha Washington Waffles. Beat six eggs very light, stir into one quart of flour, add three cupfuls of milk, one teaspoonful of salt and three tablespoonfuls—or one-third of a cake—of yeast. Beat well, let rise over night, stirring down before baking.

Orange Pudding. Squeeze sufficient oranges to give two-thirds of a cupful of juice and of lemons one-half that amount. Put the fruit juices with one cupful of water in a saucepan and sweeten to taste. When the mixture boils stir in three tablespoonfuls of cornstarch which has been moistened with a little cold water. Cook ten minutes then stir in quickly the whites of three eggs which have been beaten to a stiff froth. Stir over the fire for two minutes, then have ready a wetted mold. Put in it a layer of the pudding, then some slices of oranges, and fill up the mold in this way. Serve with a custard made of yolks of the eggs, two tablespoonfuls of sugar, one pint of milk and a little grated orange rind.

INDIGESTION.

Cured or Nigger Back.
Don't worry a minute longer; it's easy to get rid of indigestion nowadays. So if you have gastritis, catarrh of the stomach or simply fermentation of food, cheer up; for Evans' Drug Store has a prescription called MI-O-NA that turns old stomachs into sweet ones in a few days or money back.

There's happy days ahead for you and for your poor flabby, tired out stomach if you won't be obstinate. Just lay down 50 cents and say, "I want a box of MI-O-NA tablets." They are made from the formula of one of the most successful prescriptions for indigestion, catarrh of the stomach and all stomach distress ever known.

Take one or two tablets with or after meals for a few days and then if you don't agree with us that MI-O-NA is a marvelous prescription you can have your money back. We'll leave it to your good sense of fairness whether that's a square deal or not.

MI-O-NA stomach tablets promptly relieve belching, heaviness, pain in stomach, heartburn, sour stomach, foul breath, coated tongue, dizziness, nervousness, sick headache and sleeplessness. MI-O-NA is sold by Evans' Drug Store and leading druggists everywhere.

PRIVATE THEATRICALS.

Under the above caption an article appeared in both of the local papers yesterday, saying the Rev. Jas. A. Bennett would be present Wednesday evening at the Loan Exhibit to direct some sort of a theatrical exhibition. In connection with that article I wish to say that I will be at the regular prayer meeting of the Fifth Street Baptist church which begins at 7:15. The topic for this meeting will be, "The Deadly Pottage," and all of our members and friends are urged to be present. After the prayer meeting I will be at the Loan Exhibit to take part in an entertainment for the benefit of our Public Library; come and see for yourself what the nature of the entertainment is to be. Respectfully,
JOS. A. BENNETT.

THE HALL OF FAME.

SAMUEL F. B. MORSE—Inventor of telegraph. Born in Charlestown, Mass., April 27, 1791; died in New York, April 2, 1872. Was admitted to the hall in 1874. After struggling in the field of painting, he turned to telegraphy, and in 1844 he placed an electric line between New York and New Haven. He was successful in his efforts, and though he was the first president of the National Academy of Design, he designed the electric telegraph system which he placed on exhibition in 1844. After he had been in the telegraph business many years, he was elected to the hall in 1874.

UNCLE WALT

The Poet Philosopher

There was a man named Walt, who lived in a small town in Ohio. He was a poet and a philosopher, and he was known for his wisdom and his wit. One day, he was sitting at a dinner table, and he was talking to a group of people. He was telling them about his life and his work, and he was making them all laugh. He was a very popular man, and he was loved by everyone who knew him.

Stories Told at the Dinner Table

A story is told "non" Grosvenor, an English actor. He had had a long career with his readings, and he was known for his wit and his humor. One day, he was sitting at a dinner table, and he was telling a story to a group of people. He was making them all laugh, and he was very popular.

"You fellows," he said to the group, "I have a story to tell you. It is a story about a man who was very rich and very powerful. He was a very important man, and he was known for his wisdom and his wit. One day, he was sitting at a dinner table, and he was telling a story to a group of people. He was making them all laugh, and he was very popular.

An artist in Chicago tells of a lady in that town who, with her maid, went to purchase a still-life picture for her dining room. She selected a canvas on which

were painted a bunch of flowers, a pie cut in two and a roll, and was about to pay \$3 for it when her maid approached to whisper in her ear.

"Excuse me, ma'am," said the servant, "but you are making a bad bargain. I saw a picture very much like this sold the other day for \$15."

"And was it as good as this?"

"Better, ma'am. There was a good deal more pie in it."

The following anecdote is related of the late Lord Glasgow.

His lordship was traveling by rail in Scotland one day, and tendered a "ticket" to the booking clerk for a ticket.

"Put your name on it," said the youth.

Lord Glasgow indorsed it "Glasgow" as requested and handed the note back.

"Here, you old idiot!" cried the clerk. "I want to know who you are, and not where you are going to."

A countryman visiting Dublin for the first time took a seat in a train.

Being next to a pompous-looking swell, he commenced conversation in a rather free-and-easy style. At length the mighty one said:

"My good man, reserve your conversation for one of your own equals. I'd have you know I'm a K. C."

At this the countryman stood up, with outstretched hands, exclaiming, "Shake hands, namesake! I'm a Casey myself."

VINING'S WORK BEARING FRUIT

Long List of Bills Reported Out of Committees.

OREGON PLAN IN HOUSE

Measure Will Probably Be Introduced This Week Supplementing Defunct Dean Bill—Paint Manufacturers Say Kimble Bill Will Compete Them to Give Away Trade Secrets—Legislative News.

BY C. S. GONGWER.

Columbus, O., March 14.—(Special.)—There are now 136 bills upon the house calendar. The work of Speaker Samuel J. Vining of Mercer to have bills reported out instead of being killed has borne fruit, and the last session of the week was rounded out with 62 bills being reported out. Among them are a number of particularly interesting measures, a busy time being outlined for the members of the house in the next two weeks.

The minority employers' liability bill, as presented by Mr. Thomas, representing desires of labor in that regard, which was acted upon favorably by the corporation committee some time ago, was made a special order for Tuesday, March 21, by which time it is expected that the judiciary committee will have completed its hearings upon the majority bill. The constitutionality of the majority bill has been questioned as regards the provision which prevents an injured employee from seeking relief for injury in the courts if he does not desire to avail himself of the in-

meeting will be held this week. A number of speakers have declared their intention of appearing and the debate will undoubtedly be lively and perhaps filled with personalities. The outcome of the measure is in doubt, although the supporters of the bill are confident it will go through. If adopted as drawn it will take effect in August next and the new board which is to be appointed by the governor will have offices in Columbus.

Paint manufacturers all over the country are arrayed against the Kimble bill providing that an analysis of paints must be printed and placed upon the outside of cans. Bushels of mail has been pouring in upon the members of the house, as this bill will be reached within the next week. Manufacturers say that it will compel them to give away trade secrets.

The bill was drawn at the instance of the state dairy and food commissioner's department.

A new bill which will aid that department in enforcing the laws relating to weights and measures has been introduced. It gives the commissioner power to appoint inspectors to enforce the laws by confiscating measures which do not come up to the standard and gives them a chance to work in conjunction with the sealers of weights and measures in municipalities.

This department was placed under the state dairy and food commission by the last legislature, but no means was provided for the expenses of the department nor its development.

The introduction into the house of the Stockwell-Oregon plan for the election of United States senators by Representative Wyman has caused considerable comment among members of the house. This plan has the endorsement of Governor Harmon and Lieutenant Governor Nichols, but the fight to have it brought out of committee in the senate has failed. If the members of the house take kindly to the measure it may be reported out of committee quickly after getting its second reading. If the present plan of reporting bills out whether they are recommended or not prevails, it may get early consideration.

If the bill passes the house it will be presented to the senate in the form of having gone through a Democratic committee and having received the endorsement of a Democratic house. This might have the effect of getting it upon the calendar in the senate at least, instead of being buried in committee as the other bill is.

It is expected that the governor will bombard the obstructionists in his party with a message if there is not a quick change in the line-up which has blocked progress in the senate.

With his measures blocked and his advice made light of by senators of his own party, his position is the same as that which Governor Hughes of New York turned to a victory over the Republican legislature of that state, and in some respects is like that in which Governor Woodrow Wilson turned to account when he prevented the New Jersey Democrats electing a reactionary senator just after they had elected a progressive governor.

Governor Harmon at a banquet at Cleveland given by the Nisi Pruis club at the Hollenden hotel, took occasion to declare his belief that the general assembly will get busy soon. The governor also said he would insist upon the passage of the Smith 1 per cent tax bill and other measures that were looked upon as party pledges.

One of the bills pending in the house which has been the subject of much discussion for the past week is that introduced by Hillenkamp of Toledo, providing for the guaranty of bank deposits. Present indications are that the bill, which is on the calendar for third reading, will meet with defeat when it is reached.

Oklahoma's experience with the guaranty of bank deposits makes for the belief that the measure is not a good one. Authorities from that state agree on the proposition that the plan stimulates reckless banking; that it provides a fund sufficient to guarantee the payment of all deposits would force liquidation of many solvent banks, thus jeopardizing the money of innocent depositors.

Reputable bankers in Ohio are opposing the Hillenkamp bill on the ground that it is a tax on sound banks to pay the losses of poorly and dishonestly managed banks.

Among the important bills which are now on the house calendar are in keeping with the recommendations of Governor Harmon are the Prince bill providing for stricter regulation of the registration laws, the bill which applies the Massachusetts reform ballot system to all offices outside of state and national candidates by eliminating party emblems and the Kimble corrupt practice act. The Kimble bill will be reached during the present week, while the others may be made a special order for next week.

The power to grant railroads the right to lay tracks across streets is taken out of the hands of councils by a bill introduced by Brewer of Cleveland. The bill vests the power in common pleas court on petition by the railroad company.

A special jury was appointed to consider the proposition, and its

L. D. SCHOTT.

Columbus County Representative Is Serving His Second Term.

Insurance feature is determined by the state commission of awards which the bill creates.

It is expected that the public utilities bill will be reported out and an effort made to make it a special order of business for Thursday. However it may go over until the first of next week.

It is probable that a bill will be introduced during the week supplementing the Dean bill, which was defeated. This will provide that only municipalities of 5,000 or more shall have the authority of voting separately upon the question of liquor within its limits after the remainder of the county has voted dry. Senator Dean has hopes that such a bill will be adopted.

There are promises of an especially busy time in the senate during the next week. Unless all signs fail, there will be much doing which will keep senators who attend from going to sleep, and they have been obtaining no return for having come.

The senate now reached that point where a regular performance can be expected. At any session and for now on the who find delight in watching the senate and lively debate, and in hand every day in order to obtain choice seats.

A good deal of very interesting business is to be done.

A bill will be introduced public attention in the senate and has the ear of the people. It is a bill for a central board of control for the management of all the state institutions excepting the penitentiary for the criminal insane at the Soldiers' and Sailors' Home at Xenia. These have not been eliminated. The bill was introduced by Senator L. D. Schott, and has the endorsement of the senate.

The bill was introduced and decided to be taken up immediately. Not a man in the senate has a proposition, and it is only the senate of two Democratic senators, being about its debate.

A special jury was appointed to consider the proposition, and its

The Harriman railway lines carried 10 per cent of the estimated 1210 passenger traffic of the United States, or 49,491,000 people, without fatal accident so any of the number. This result is ascribed to the installation of safety devices and is believed to have no parallel in the railroad world.

The report, containing this data, "just has been compiled in the office of Julius Kruttschnitt, director of maintenance and operation on the system, including the Southern Pacific and Union-Pacific railroads, a total of 17,900 miles.

The total number of passengers carried on a one mile basis was 8,000,000,000. The figures of the country's railroads for 1910 have not yet been compiled by the government; but in 1909 the interstate commerce commission reported the number of passengers carried as 29,000,000,000. The figures for 1910 will not exceed a billion more, it is said.

No Like Record Known.

Many other railroads have gone through a year without a fatality to any of its passengers, but it is said that no system has made this record for such a large total of passengers.

The results on the Harriman lines are ascribed to a campaign waged by the management for years to reduce accidents. The Harriman system now has more miles of automatic block signal protection than any other system in the world. Mr. Kruttschnitt himself has directed special attention to the accident problem and began several years ago to bring about a reduction by giving complete publicity to all forms of accidents and their investigation, which, it is believed, spurred both officers and employees to greater efforts to safeguard lives entrusted to their care.

Chicago Tribune, February 12th.

Union-Southern Pacific

Not a Single Fatal Accident.

The HARRIMAN lines carried 10 per cent of the country's estimated passenger traffic for 1910. Not a single fatal accident occurred to a passenger anywhere on the system.

This achievement is described as unparalleled in railroading, and it is attributed to the installation of safety devices—chiefly, if not wholly.

If a small line gets through a year without a fatal accident the result may itself be considered accidental. A vast system carrying millions of passengers owes safety to improvements, care and efficiency.

SYRUP THIEVES ARE TRACED BY BLOODHOUNDS

Dogs Track Men to Point Where they Divided Spoils—Peculiar Thieving at Beech Woods.

Beech Woods, March 14.—The famous Miller bloodhounds of Lancaster, "Midnight" and "Ginger," made a remarkable trail south of here this week. Miller and his helper with the dogs went to the sugar camp of Will Rea where ten gallons of maple syrup had been stolen from his camp and carried away. The dogs ran a trail to a point about three miles from the camp where the trail divided and led to two certain houses, some distance apart. At the point where the trail divided there was evidence of dividing the syrup, after which each party went his way. Mr. Ream was satisfied with the work of the dogs, but refused to place either of the suspects under arrest when the end of the chase was reached. Over twenty men and boys accompanied Miller and his dogs.

Thieves recently entered S. B. Dittoe's smokehouse and carried all his meat away, and before that 25 bushels of corn was taken from his crib. The farmers are determined that the business must be broken up.

John Church, aged 83, and a former resident of this place, died at the home of his daughter, Mrs. Wm. Smith, in Somerset, Friday. Interment was made in the Union cemetery at New Reading.

Mrs. Absalom Anspach, an aged lady, living near New Reading, is very low with pneumonia, with no hope for her recovery.

Marsh Snider of near Zionsville underwent an operation at the Newark sanatorium this week.

Mrs. Peter Binckley died at her home near here Tuesday morning after a long illness, having suffered from cancer. The funeral was preached Thursday morning by Rev. Marker at the Ridge church.

Mrs. J. H. Gordon has been suffering from an attack of grip.

Alta Miller has purchased a new driving horse.

ADVICE TO ALL WOMEN.

You want every detail of your home above reproach—clothing, dishes and kitchen appointments, table linen, bedding, carpets and everything that could be tainted with dirt.

Hewitt's Easy Task soap provides the means without the back-breaking labor with which you must suffer when you use the many "cheap" soaps on the market.

Easy Task is a soap of absolute integrity, and if you have never used it before, we recommend that you give it a trial on the most liberal terms. Buy two five-cent cakes, and if the first fails to give satisfaction, return the other and get your full money back.

JUDGE WILL HEAR CHANGE OF VENUE MOTION TOMORROW

Judge E. M. Wickham of Delaware will tomorrow at 1:30 o'clock decide the motion for a change of venue in the Lewis Bolton case, but the attorneys have no idea where it will be sent if the motion is sustained. It is known that Zanesville is preferable to the defense, while lawyers on the other side are speaking of the matter rather in terms of the belief that it will be sent to Coshocton or Lancaster, but this is merely guess work, and nothing can be known until Judge Wickham decides the motion.

BOARD OF TRADE

Sees State Board of Public Works and Representative Fulton About Canal.

A delegation from the Newark Board of Trade, consisting of W. H. Mazey, chairman of the civic improvement committee, I. M. Phillips, W. C. Wells, secretary, W. C. Christian, public service director, John M. Ankele, mayor, and C. H. Spencer, president of the Board of Trade, visited Columbus Tuesday morning and called upon the State Board of Public Works and Representative W. D. Fulton. The committee reported to the State Board and to Mr. Fulton that March 29th had been selected for "clean-up" day in Newark, and told the members that the Ohio Canal at this point is in sad need of attention. The Board of Public Works promised to co-operate with the city to bring about improved conditions, and Representative Fulton assured the Board of Trade that he would bring a committee from the state legislature to Newark Wednesday evening to inspect the canal at this point.

TWO JOY RIDERS FINED BY MAYOR THIS MORNING

Appropriated Machine and Drove to Zanesville—Fined Fifty Dollars and Costs.

The two young men of this city who were arrested in Zanesville for appropriating to their use an automobile in which they drove to that city, were brought to Newark Monday afternoon at 3 o'clock by Chief Charles Hindel and arraigned before Mayor Ankele Tuesday morning. Both waived the right to trial by jury and agreed to submit it to the Mayor's judgment. He fined each of them \$50 and costs and they were taken to the county jail.

The machine was left in Zanesville badly damaged and will have to be repaired before being brought to Newark.

The cases of several drunks and prowlers were also disposed of by the Mayor.

Daddy's Bedtime Story—A Story of a Great Musician

CHILDREN," said daddy one evening, "there is a story about a great musician, one of the greatest musicians who have ever lived on earth. His name was Beethoven, and he wrote many very beautiful compositions.

"One evening Beethoven was walking with a friend in the city of Bonn, in Germany, in which he lived. It was a beautiful night. Just as the two men were passing the door of a little cottage in the poor part of the city they heard the notes of a piano. They stopped to listen. The pianist was playing one of Beethoven's own pieces and playing it very well. The music stopped, and Beethoven and his friend heard a girl's sad voice saying:

"Oh, brother, if I could only go to the great concert at Cologne, at which the great Beethoven is to play! But of course I know that it is impossible, for we are too poor."

"Beethoven felt very sorry for the poor girl and said to his friend:

"Let us go in. If the poor girl cannot go to the concert I will play for her here."

"So they knocked at the door, and when they were admitted they saw a poor shoemaker and his sister. Beethoven said:

"My friend and I heard you playing. I am something of a musician, and if you will allow me I shall play for you."

"Of course the poor folks were glad to have the well dressed gentleman play for them. Beethoven said:

"I see you have no music. How did you play?"

"But when he turned to the girl and saw that she was blind he said:

"I beg your pardon. But permit me to play for you now."

"So the great musician sat down at the poor girl's piano and played better than he had ever played before. When he had finished, the candle which had been burning very low, flickered and sank and went out. Then Beethoven rose to say good night, but the poor shoemaker said:

"Oh, sir, never have we hoped to hear such music as you have played for us tonight. Will you not tell us your name?"

"My name is Beethoven," said the great musician. "You may have heard of me."

"Just then his friend opened the door to let in the moonlight. The rays of the moon entered the room and filled it with soft light, almost as bright as daylight. Then Beethoven sat down again at the piano and played music which no one had ever heard before, a wonderful composition which is now called 'The Moonlight Sonata.'"

DELAYED, NOT BEATEN

It is a fair judgment, not a partisan claim to say that the amendment for direct elections of Senators was merely postponed, not defeated, by the vote in the Senate last week. The amendment had already the support of the House of Representatives, several times accorded by the requisite majority of two-thirds. It had the endorsement, in one form or another, of most of the State Legislatures. One of the parties was thoroughly committed to it, the other not committed against it, but plainly inclining to it. Now that it has come within four votes of a two-thirds majority in the Senate, where the opposition to it has always been the strongest, its champions are justified in feeling that the hard part of the long fight for it is over, and even in predicting that the next session of Congress will see it submitted to the States for ratification. Reluctance to make any change whatever in the Constitution has been, of course, a principal motive of its opponents. But those same opponents are for the most part quite as devoted to the amendments already incorporated in the Constitution as they are to the original document; and of the amendments already adopted not one received so long a preliminary discussion as has been given to this proposal. If it is finally adopted, this particular change in the Constitution will be the most deliberate of all. — Harper's Weekly.

SIGNALS OF DISTRESS

Newark People Should Know How to Read and Heed Them.

Sick kidneys give many signals of distress.

The secretions are dark, contain a sediment.

Passages are frequent, scanty, painful.

Backache is constant, day and night.

Headaches and dizzy spells are frequent.

The weakened kidneys need quick help.

Don't delay! Use a special kidney remedy.

Doan's Kidney Pills are for sick kidneys, backache and urinary disorders.

Newark evidence proves this statement.

Mrs. C. W. Manville, 22 Locust St., Newark, Ohio, says: "The use of Doan's Kidney Pills some years ago cured me of trouble caused by disordered kidneys, and at that time I publicly endorsed them. I willingly confirm my former statement, for I still hold Doan's Kidney Pills in high esteem. I have often recommended this remedy as a good one for lame back and weak kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's — and take no other.

COPPER KING NOW

IS GOLD MONARCH

AUGUSTUS HEINZE

With that particular streak of good fortune that seems to follow some men in the mining world, F. Augustus Heinze, the former copper king of Montana, who went on the rocks of financial difficulty in the money stringency of 1907, together with his brother, Arthur, has struck it rich again.

This time he has found an immense fortune in Porcupine gold fields, in northern Canada, and is now well on his way to retrieve his position in the world of affairs.

FRECKLES GONE

"Simple Remedy from W. A. Erman & Son Removed Them," Says Society Lady.

"The best skin specialists told me that nothing would remove my freckles and that I would carry them to my grave," said a well known society woman, "but I fooled them all with a new drug, othine—double strength, that I bought at W. A. Erman & Son's, which cleared my skin and gave me a fine complexion."

The action of othine is really remarkable, for when applied at night, many of the freckles disappear entirely by morning and the rest have begun to fade. An ounce is usually all that is needed, even for the worst case.

Be sure to ask W. A. Erman & Son for the double strength othine, as this is sold under a guarantee of money back if it fails to remove the freckles.

AMUSEMENTS

As Told in the Hills.

One of the best bits of negro comedy acting of the season will be seen in "As Told in the Hills," which will play at the Auditorium theatre on Thursday, March 16. This play is regarded as the strongest melodrama produced this season and one that has met with deserved success from its first performance.

The Man on the Box.

"The Man on the Box," which is to be presented at the Auditorium theatre on Friday, March 17, for one performance by John Meehan and supporting company, has been styled America's best comedy. It has always been a prime favorite with theatre-goers since first produced by Henry E. Dixey. The play amuses by virtue of genial whimsicality and holds the interest upon the disentanglement of its situations, as a well-made play should. The characters are drawn with the human touch of good comedy. If you have read the book, you should surely see the play, as the dramatist has followed the lines of the novel very closely. The advance sale of seats will open Wednesday morning at 9 o'clock.

The Climax.

Florence Webber is an automobile crank of the first water and dearly loves to drive a car. Her father has invented an appliance which has been patented in this country and abroad, by which a car can be started without cranking and direct from the steering wheel, by simply pressing a button. The charming little actress knows all about a car, and in driving her own machine makes all of the repairs necessary and does not dodge crawling under it to get at the transmission gear case, when necessity demands it. Miss Webber is playing Adelina von Hagen in "The Climax," which is coming to Newark and will be seen at the Auditorium theatre on Saturday, March 18, for two performances.

The Spendthrift.

"The Spendthrift's" theme is domestic extravagance. It tells the story of a hard-working husband and a butterfly wife, whose inability to understand her husband's business, or to sympathize with his ambition and desires, brings about a condition of tragedy which is only ameliorated by the arising of the situation that verges upon catastrophe. Incidentally, the subject of race suicide is touched upon in a way that would bring joy to the heart of Theodore Roosevelt. An early attraction at the Auditorium theatre.

Orpheum Stock Co.

Next week there will be some place to go, and some place worth while going to. The attraction will be Edward Doyle's magnificent Orpheum Stock Co., the only popular priced attraction that continues to give the public something new each year and always gives satisfaction. Many new specialties will be seen with this company, and the vaudeville acts alone will be worth more than the price of admission, in addition to the strong and capable dramatic portion. All our special scenery for every play this year, and nothing old but the name. The Orpheum Company is billed for a week's engagement in this city, starting next Monday, at the Auditorium theatre.

Orpheum.

The Arcade theatre this week offers a show that appeals to all. One of the bits is the comedy playlet, "A Call on the Doctor," presented by Downey, Willard & Swain. If you are hungry for a good laugh, be sure to see it, and you will not be disappointed. There is a treat for the little ones, Jack Wallace's educated birds. One of the features of the act is where White Eagle rescues his companions from a burning castle and extinguishes the flames. Princess Regina, the gypsy violinist, is a pretty little girl and charms all by her wonderful playing. The Keltners, in a singing and talking comedy act, are scoring a hit. Orpheumscope has two good films.

Kills a Murderer.

A merciless murderer is appendicitis, with many victims, but Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing constipation, headache, biliousness, chills. 25c at F. D. Hall's.

MGR. GEO. FENBERG

Highly Complimented by Deputy Grand Chancellor of Indiana Pythians.

(Marion, Ind., News-Tribune)

Albert R. Scherer, of Peru, deputy grand chancellor of the Knights of Pythias in Indiana, who presided over the seventh district Pythian meeting in this city a few days ago, pronounced the Marion meeting the most successful ever held in the state. The members of Grant lodge No. 103, who were largely responsible for the success of the convention, will be related over the compliment extended by the deputy grand chancellor. The compliment was sent in a letter M. Scherer sent to George Washington Fenberg, manager of the Indiana theatre, where the meeting was held. The following is the letter:

"Permit me to express my appreciation for your efforts and assistance in making the district meeting the most successful one ever held in this state, also for your friendly and benevolent act of throwing open the doors of your theatre, where we assembled in convention. The vaudeville company, which you secured for the Knights of Pythias was a most excellent one, and you can feel assured that every person present at the meeting passed one of the most joyful days known in Pythian events."

Spring Clothing For Men, Women, Children

So beautiful are our one-piece dresses, more especially those in Foulards, that we cannot help but asking you to come and see them—we know they'll surprise you too. Most any size and a great variety in every size. But you ought to make your selection right now.

Ladies' Suits

Jacket Suits are going to be worn more than ever before, the reason being that the jackets are the best lengths ever designed, bringing to the figure a stately appearance; skirts are paneled back effects, with modified hobble-flare. A stronger display is impossible, as our assortments are complete from the little "Miss" to the large stout figure.

Ladie's Coats

Separate Coats in all the spring weaves, made up in handsome granite, serge, covert and diagonal cloths, beautifully tailored and trimmed to smart tailored effects. The styles are more than pleasing, and at surprisingly low prices. We have an elaborate display in all sizes, and have prepared to satisfy the demands of any figure.

Millinery

You cannot fully appreciate the efforts of the best millinery houses 'till you see our early spring display. The straws and trimmings are exquisite. The styles are such as will please particular dressers we know. It's kind of an advance showing—an array just to give you a correct forecast of Spring's newest.

Men's Department

Men, young men and boys have all been remembered. Where to get that new Spring Suit will be settled if you see our handsome displays, the styles are nobby, patterns distinct, prices right.

Our system is original with us. It is the only dignified credit system that offers opportunities which are matchless. And remember, too, we sell on account at cash prices.

Stage Money.

The Manager—Well, Flossie, what do you want now?
The Actress—I want a raise and I want it quick.

The Manager—How'd it be if I'd raise you \$100 a week in the press stories and only reduce your real pay \$25.00?

Looking Ahead.

The Man (helplessly)—I wish I knew whether you ever could care for me.

The Woman (sarcastically)—Why don't you consult a medium?

Balled Up.

(Being a love sonnet that for various reasons was never sent.)

O, Helen! I can neither eat nor sleep,
So leaps my heart when I remember thee.

And I remember thee so constantly
That never does the said heart cease to leap.

O, Grace—I should say Helen—love so deep
As mine for thee, sweet Mary—pardon me.

Heien, I mean—can never cease to be
As long as life shall make us smile or weep!

Therefore, dear Marjorie—excuse me, please—
Helen, I mean—O lovely, classic name!

I pen to you these love-inspired rhymes
And 'tis your well-remembered name, Louise.

Helen, that is—that in mine ears, 'tis the same
As sweet bells, "Maude!" (No, "Helen!") ever chimes!

Washed at Last.

Woody—Willie had a tragic end:
Woody—How was that?

Woody—He wuz drowned at sea.
Woody—Dat ain't so worse.

Woody—No, but de paper says,
"His body was washed ashore!"

No Loss.

"I should think that a notorious murderer like you would hate to make so many enemies."

"I would, pard, but as soon as I make an enemy I draw my gun an' unmake him."

HIS APPROVAL ON RECIPROCITY PACT SATISFIES CANADA

Although a few in Canada view with alarm the proposed reciprocity agreement with the United States formulated by President Taft, the fact that Ambassador Bryce has reported to the London Foreign Office his approval of the agreement has tended to convince the majority of Dominion residents of the excellence of the contract from their point of view. Ambassador Bryce is a keen statesman and his word on things diplomatic is law with his government. The King of England is exempt from taxation in Canada.

LOOKING FOR A BUILDING BOOM IN GRANVILLE

Many New Houses To Be Erected This Spring—News of a Thriving Community.

Granville, March 14.—Every day it looks more and more as though Granville was going to have a building boom during the coming season. A well known real estate man in a talk with your correspondent stated that the acres of quite a number of persons who were going to build residences and that he also knew of others who were going to build new houses for rental purposes, and that contracts are already being sought for the construction of these houses. The tendency of building is toward the west end of the village. Mr. L. G. Neely of the Columbus Gas company, was here the latter part of last week on business for the company. Mr. Neely is one of the Board of Managers of the Ohio Penitentiary and takes quite an interest in the affairs of that institution. The town with houses that are well painted, lawns that are well cared for, streets that are clean and that are characterized by an evident desire on the part of their citizens to make them attractive are the ones that receive favorable comments from visitors and that thus obtain the very best kind of advertising.

The many Granville friends of John A. Purinton, ex-'03, a son of one of Denison's most popular presidents, is meeting with much success in the practice of law at Morgantown, W. Va. Miss Hespera Houghman and a number of the members of the Kappa Psi Sorority girls entertained most delightfully several of the Kappa Sigmas at the home of Miss Houghman on Saturday evening. The good roads movement seems to be contagious and if the plans mature that are now in embryo, Granville farmers will soon have some of the best roads in the state. Miss Carl Millie of Newark, spent Monday in the village. The farmer of old Granville township has about made up his mind which field he will plant in corn and where he will sow his oats. Mr. George Conard has the lumber ready for the construction of a residence on the farm which he recently purchased on the Welsh Hills road, north of the village. It is pretty hard to get ahead of the man who works while we sleep. Miss Mary Hartman of Newark, visited friends in the village Monday. Miss Ruth Kirkwood of Cleveland, has been pledged to the Chi Psi Delta. Miss Marjorie McVickers has been visiting at the home of her aunt, Mrs. C. J. Rose. Rev. W. T. Powell of Wheeling, W. Va., enjoyed a short visit at the home of Prof. A. M. Brumback on Shepardson Court. Mrs. James Freeman and little son, William, of Newark, after a short visit with friends in the village, returned home Monday. Some may think spring is here, but the real thing is not in evidence until the Italian and the dancing bear are with us. Miss Agnes Cromer, who has been enjoying a pleasant visit with friends in Zanesville has returned home. Some attention given the old apple tree right now will repay you when autumn sends its mellow fruits dropping into your hand in all the richness and abundance of delicious fruition. Mrs. H. D. Thomas of Newark, who has been visiting relatives and friends in the village during the past week, returned home Tuesday. Miss Mary Williams spent a portion of Monday in Granville. Has Millions of Friends. How would you like to number your friends by millions as Bucklen's Arnica Salve does? It's astounding cures in the past 49 years made them. It's the best salve in the world for sores, ulcers, eczema, burns, boils, scalds, cuts, corns, sore eyes, sprains, swellings, bruises, cold sores. Has no equal for piles. 25c at F. D. Hall's.

Light wells are very much in evidence in the southwestern Ohio fields. Late completions supply nothing better than small pumps. In the Caldwell district, Enoch township, Noble county, Adam Naup & Co. have completed their No. 3 on the John Shoepner farm and found nothing but a light show in the strata. In the same locality, across the line in Oliver township, C. B. Berry is starting a second test on the P. Cain farm. Near Harriettville, Noble county, James Bernie has drilled a test on the Samuel Stevens farm through the Big Lime and Keener sands and developed some oil, and shot it in both formations. It is producing from 10 to 12 barrels a day. Neither formation has been regarded as a reliable producing formation in that locality. In the new Somerset field, in Jefferson county, unknown parties have completed a wildcat on the Joseph Baxter farm, located 1,000 feet north of developments, and have a show for a five-barrel pump in the Berea grit. Inside of defined limits, in the same district, J. J. Crawford & Co. have completed No. 12 on the S. H. McClelland farm and have a show for a very small pump.

In the Cow Run district, Lawrence township, Washington county, the Boston Oil company has completed No. 34 on the John D. Lehner farm and have a small well in the first Cow Run sand. In the same district Clark & Cowell have the rig completed for a test on the Charles Reauber farm.

MANY ACRES ARE LEASED IN MUSKINGUM

Zanesville, March 14.—The Columbus Gas & Fuel company of Columbus filed 329 leases on land in Adams, Salem, Highland, Union, Perry and Monroe townships Monday morning. The total acreage of the leases filed amounts approximately to 39,675 acres. By the terms of the leases, wells for oil or gas may be drilled. The owners of the land were paid 50 cents per acre. The county treasury was enriched \$529, as it costs the company \$1 per acre to record the leases.

Light wells are very much in evidence in the southwestern Ohio fields. Late completions supply nothing better than small pumps. In the Caldwell district, Enoch township, Noble county, Adam Naup & Co. have completed their No. 3 on the John Shoepner farm and found nothing but a light show in the strata. In the same locality, across the line in Oliver township, C. B. Berry is starting a second test on the P. Cain farm. Near Harriettville, Noble county, James Bernie has drilled a test on the Samuel Stevens farm through the Big Lime and Keener sands and developed some oil, and shot it in both formations. It is producing from 10 to 12 barrels a day. Neither formation has been regarded as a reliable producing formation in that locality. In the new Somerset field, in Jefferson county, unknown parties have completed a wildcat on the Joseph Baxter farm, located 1,000 feet north of developments, and have a show for a five-barrel pump in the Berea grit. Inside of defined limits, in the same district, J. J. Crawford & Co. have completed No. 12 on the S. H. McClelland farm and have a show for a very small pump.

In the Cow Run district, Lawrence township, Washington county, the Boston Oil company has completed No. 34 on the John D. Lehner farm and have a small well in the first Cow Run sand. In the same district Clark & Cowell have the rig completed for a test on the Charles Reauber farm.
